BLAUPUNKT

ISD-Series
Individual Security Detector

SECURITY LED-TV SIMULATOR **ISD-TVS1**

Features:

1 Automatic activation function when it gets dark

2 Simulates presence, even if nobody is at home

Product Features:

- 12 LEDs simulate realistically TV activity in your house
- Timer function for 4h or 7h continuous TV-Simulation
- Integrated twilight sensor for automatic activation of the TV simulation
- Low energy consumption of 2,5 Watt

Technical Data:

- Input voltage: AC 100-240 V ~/ 50-60 Hz
- Output voltage: 9V / 300 mA Power supply
- Power Consumption: <2.5W
- Luminous flux: < 30lm
- Material housing: ABS
- Operating conditions: -10°C~+45°C, Less than 95%RH
- Dimensions (W x H): 85 x 35 x 90mm
